"Transforming Young Learners to World Class Leaders"

Director's Message

DIVANA A R
DIRECTOR

It is truly rewarding to observe the continued growth and development of our young learners at Kaizen. Their curiosity, enthusiasm, and steady progress are a testament to the supportive environment we strive to create each day.

As we move forward together, we look ahead to many more meaningful experiences that inspire learning, growth, and joy for all.

Warm regards,
Divana A R

Principal's Message

BISMINA S
PRINCIPAL

August was a month of joy, creativity, and togetherness at our school. Our Kaizen Talent Fest 2025-26 saw every child enthusiastically participate in storytelling, recitation, dance, song, and art, proudly showcasing their talents. We also celebrated Independence Day with pride and marked Onam in harmony, with parents and children coming together to arrange a memorable Sadya. Alongside these celebrations, academic and co-academic activities enriched our students' learning journey. As we now begin our first Onam vacation and step into the next phase of the academic year, I sincerely thank you for your constant support and look forward to many more milestones together.

Monthly Highlights - August

Our campus was alive with joy in August, as our little ones engaged in playful activities and meaningful moments of learning.

KaizenOnam

We celebrated Onam with our Kaizen kids in the true spirit of joy and togetherness, filled with colourful games, graceful dances, soulful songs, and a grand feast served with love. The day became even more special with the warm blessings and presence of our dear parents, making it a celebration to remember.

Star of the Week

Each week, one student was proudly recognized as the Star of the Week, based on healthy and positive habits like bringing sugar-free food, drinking enough water, maintaining neat notebooks, regular attendance, and enthusiastic participation in class activities.

Special Days Celebrated – August

We marked special days during the month with activities that were joyful, meaningful, and perfectly suited to our children's age and understanding.

Friendship Day – Aug 3rd

At Kaizen, we celebrated the joy of friendship with big hugs and even bigger smiles! Our little learners made friendship bracelets. Through fun games and art, children discovered the magic of being a good friend, caring, sharing, and always there!

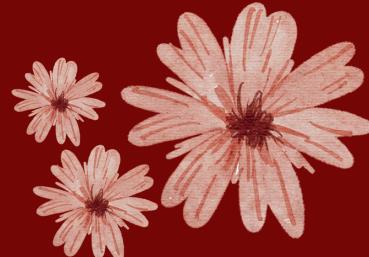

Hiroshima Day - Aug 6th

On Hiroshima Day, our little learners explored the importance of peace and kindness. Through a peaceful dove craft, children learned that long ago, a city was hurt by a big bomb but today, people all over the world work hard to spread love, not war. At Kaizen, we folded paper doves and shared wishes for a happy, peaceful world.

Learning is not a race for information. It's a walk of discovery.

Exam time for our Busy Bees

National Handloom Day - Aug 07th

Our little learners explored the magic of handlooms through touch-and-feel fabric fun, a story on the origin of weaving, and a video showing how sheep's wool becomes clothes. They wrapped up the day discovering how fabric is made with care and creativity!

International Cat Day - Aug 08th

Our little learners celebrated International Cat Day with pawsome energy! They pounced, pranced, and purred their way through a lively "cat dance," swishing imaginary tails and leaping like playful kittens. With giggles and graceful moves, the day was all about celebrating our furry friends and having fun through movement!

World Lion Day - Aug 10th

Our little learners roared with excitement for World Lion Day! Wide-eyed and curious, they gathered around to watch a charming puppet story of The Lion and the Mouse. Through laughter and wonder, they discovered how kindness and friendship can make even the mightiest hearts stronger!

International Youth Day- Aug 12th

Our little learners celebrated International Youth Day by becoming young caretakers of nature! With tiny watering cans and big smiles, they gave life-giving sips to our garden plants. As they watched the leaves glisten, they learned that with care, patience, and kindness, both plants and people can grow strong and bright!

Left-Handers Day - Aug 13th

Our little learners put a creative twist on Left-Handers Day with a special "Left-Hand Coloring Corner"! Crayons in their non-dominant hand, they giggled through wiggly lines and unexpected squiggles, discovering how fun it can be to try things a different way. The day was a splash of color, creativity, and left-handed cheer!

India's Independence Day - Aug 15th

Our little learners explored the magic of handlooms through touch-and-feel fabric fun, a story on the origin of weaving, and a video showing how sheep's wool becomes clothes. They wrapped up the day discovering how fabric is made with care and creativity!

World Photography Day - Aug 19th

With the loving guidance of their parents, each child captured unique pictures at home, beautifully blending with nature around them. This activity not only nurtured their creativity but also helped them appreciate the simple beauty of the world right outside their doors.

National Sports Day - Aug 29th

Our little learners raced, crawled, and hopped their way through a thrilling Mini Obstacle Course on National Sports Day! The day was a joyful reminder that sports are all about fun, movement, and cheering each other on!

BORN TO SHINE - AUGUST KIDS

At Kaizen, birthdays are all about joyful memories and healthy choices!

Happy Birthday
SAMSKRITHI & VEDA

3
THREE SWEET MONTHS - WITHOUT SUGAR!

We're proud to share that our Kaizen kids have completed three healthy months without sugar on campus. From choosing fruits over sweets to sipping plain water with smiles, our little learners are building strong, smart habits every day. Well done, Kaizen stars you're doing a great job!

Kaizen Talent Fest 2025-2026

The Kaizen Talent Fest 2025-2026 was a joyful celebration of creativity, confidence, and imagination! Over two exciting days, our little Kaizenians lit up the stage with dances, stories, art, and more—proving that every child has a unique spark waiting to shine. A big applause to our teachers, parents, and most of all, our Kaizen stars for making this event truly unforgettable. Well done, Kaizenians, you are shining brighter than ever!

Glimpses of the Medical Camp 2025-2026

On August 26th, 2025, Kaizen International Junior School organized a Medical Camp for our little Kaizenians, focusing on their health and overall well-being. The camp offered the services of an **ophthalmologist**, **dentist**, and **general physician**, who carried out thorough screenings to assess each child's vision, dental hygiene, and general health status. This initiative provided valuable insights into the health condition of our students and served as an important step in supporting their holistic growth and development. It was a successful and meaningful effort, reminding us that a healthy child is indeed a happy learner.
